Shitty bank Visa, but the card is stolen
Retail price just paid me half
But you gotta come right with the cash

[E-40]

50 ways to get my scratch on fool

[Celly]

I'm a killa for the scrilla and that's what we do

[B-Legit]

It's uh, for the scrilla, I did it for the scrilla

I done took a few heads for the scrilla B

I hope it don't come back and haunt me

Got funky with like 7 different crews

Cuz I done jacked, kidnapped, and did dirt to them fools

Watchin my back, lookin over my shoulder blades

Hella sick cuz I heard them niggas got granades

I'm from the base, so regardless of what I'm caught up in the tangle

Can't get up outta Dodge with this federal beeper on my ankle

[B-Legit]

Mothafuckas don't ride there no more

Get snatched up in 9-6, 5 point 0

Took to the hills, and get stable man

While a nigga ridin off in a 'Stang

[Celly]

Man, I need some ends

But to get the ends, I gotta sin

? let me page a nigga, lie about what others spend

Bring me a pound, I got it sold on this side of town

You got that any way I pay

Fool, that's how it's goin down

Bring in his zippers

And I'mma bring the body ripper

The big dipper with a extra 30 round clipper

He brought it back, weighed out to the fullest

Little did he know, I had his name engraved on my bullet

Dumpin like a full-serve nigga pumpin gas

Had that heat for his ass, took his Yak and all his cash

I made a ?, money hungry blood spiller

Straight killa, I did it for the scrilla
