

# Cemetery Of Scream, Overcall

Please me or bless me  
I'm full of your lack  
depress me and press me  
to give me your slack  
weed of your decease  
anger of your bliss

Crown all your world  
cell you gave me to live  
will be my jail  
my reason to fell  
that hate you love to breed  
will be your decrease

Crash me or slash me  
I'll fix to your dreams  
depress me and press me  
I'll feel what you'll give  
found lieing on the floor  
the day you realeased your fear.
