

# Central Cee, UK Rap (feat. Dave)

She don't listen to UK rap, if it ain't Dave or Cench  
She a six but her a friend is a four  
A three-way, gonna make that ten  
Are you sure you wanna make that wife?  
We know her since way back when  
If it's a Rolls, then it gotta be a Cullinan  
G63, if Mercedes

Wide selection of gyal that we got right now  
Go broke and watch them all leave us

Toxic relationship with my bitch  
One day, we're split, now we're goin' Antigua  
Three man jump out the four-door vehicle  
It's a miracle if a boy don't get touched  
Don't step on our block and trespass

Can't turn no ho to a housewife, more time, just do it the other way  
If I ask her to send me a foot picture, she'll think I'm a weirdo  
Back then, man do a robbery, tell a civilian, "Don't be a hero"
