How Many Times

*How many tears have you cried

How many eyes have you dried

How many ways have you tried

And don't you get tired of people sayin'

How many times, how many times

How many dream have been bad

How many nights have been sad

How many days have you had

When you get tired of people sayin'

How many times, how many times

How many times, how many times

(*Repeat)

I said tired of people sayin'

Don't you get tired of people sayin'

How many times, how many times

How many times, how many times

How many times, times, times, times
