

Chagani Umair, You Can Count On Me

Written for Adam Vanek

I could never repay you
For being a good friend
You helped me through tough times
You were there 'til the end

(chorus)

You can count on me
In your times of need
'Cause you've made me see
What true friendship can be
Just remember what I've said
If you ever need help

You can count on me
We've been through so much together
That's how I know we'll be friends forever
Our friendship was based upon trust and honesty
And I can guarantee
That you can count on me

(repeat chorus X2)

(bridge)

How we met will always stay a mystery
But, I'm really glad I found someone like you
Us becoming friends was our destiny
I'll always true (be true)

So just know

You can count on me.
(repeat chorus and fade)
