

# Chaka Demus & Pliers, Tease Me

She's floating like a butterfly  
So charming (baby girl)  
She recognise the man in me  
(number 1 in the world)  
There's something in her eyes  
Like a spell getting me hypnotised  
Oh lord  
She give me one smile  
Two smile  
Tree smile  
She got me goin wild  
(worth more than dimond and pearl)  
So baby dont change your smile

Tease me  
Tease me  
Tease me, baby  
Till I lose control  
Tease me with your love  
Until I lose control  
Take all my body and soul

Woman your love is like burning fire on my soul  
Tease me woman till me lose control  
Woman your love is like burning fire on my soul  
Woman tease me till me lose control

Me ball tease me and tickle up me fancy  
Right round the clock until me reach climax  
A when me reach me will tell you to stop  
We a aim for da sky  
An we not turn back

And suddenly I think I find the love  
That I was searching for  
Holding confidence  
That will never never fail  
Hearing angel voices  
Singing love prevails  
Oh darling  
Oh eh come closer to me  
And me ball out

Tease me  
Tease me  
Tease me, baby  
Till I lose control  
Tease me with your love  
Until I lose control  
Take all my body an soul

Ere me now  
I will never forget de first time we kiss  
It like striking gold, catching a big fish  
Yes you are on top of my romance list  
Second to non you defeat de favourite

Woman your love is like burning fire on me soul  
Woman tease me till me lose control  
Woman your love is like burning fire on me soul  
Woman tease me till me lose control  
And even if my mind should resist ooh yeah

Tease me  
Tease me, baby  
Till I lose control  
Tease me with your love  
Until I lose control  
Take all my body and soul

Tease me

Till I lose control
