

# Chaka Khan, Its My Party

(Cecil Womack and Linda Womack)

Everybody's having a real good time  
The man you're talking to is not yours, he's mine  
Better chill out, hear what I'm saying  
Before I stop the music playin'

[Chorus:]

It's my party, I'll start it, I'll end it  
Baby, it's my party, I'm upset and offended

While I'm all alone, and the party's goin' strong  
It's a celebration, to better our relation  
A sudden flash in my vision  
Rendezvousin' in the kitchen  
Kit got lost, and I found him all involved  
He was wearing a guilty face  
He had his arms around her waist  
And lipstick on his face

[Chorus]

Everybody's having a real good time  
The man you're talking to is not yours, he's mine  
Better chill out, hear what I'm saying  
Before I stop the music playin'

Say you had too much to drink  
Lost your head and couldn't think  
A sudden flash in my vision  
Rendezvousin' in the kitchen  
Then you got lost, and I found you all involved  
Wearing a guilty face  
Had your arms around her waist  
And lipstick on your face

[Cecil:] Oh, tell me what it is

[Chaka:] Ooh, you had lipstick on your face

[Cecil:] Oh, tell me what'd you see

[Chaka:] Rendezvousin' in the kitchen

[Cecil:] Oh baby, what it's gonna be

[Chaka:] Gonna stop this music playing

[Cecil:] Oh, do you trust in me

[Chaka:] It's very plain to see
