

# Chaka Khan, Keep Your Head Up

When your heart is free, it's easy to make a decision  
When your head is clear, you know you have good judgement  
But when your life is turning topsy turvy and you have not reason for what's disturbing  
Remember these words my father said to me  
He said

Keep your head up, don't say you love him  
Walk away from all this is hurting  
Find your power, you know you're strong  
Make that step and it will help you along

When your minds at peace (at peace) sleep comes co very peacefully  
When you start to dream, they're wonderful and so very sweet  
When your life is turning topsy turny and you have no answer for what's disturbing  
Remember these words a preacher said to me  
He said

Keep your head up don't say you love him  
Walk away from all this is hurting  
Find your power, you know you're strong  
Make that step and it will help you along  
Keep your head up don't say you love him  
Walk away from all this is hurting  
Find your power, you know you're strong  
Make that step and it will help you along

Why give up, this time you can win (you can win)  
Why give up this battle is within (is within)  
Why step when you don't know what he's gonna go  
Why choose him when it's time to choose you

Keep your head up don't say you love him  
Walk away from all this is hurting  
Find your power, you know you're strong  
Make that step and it will help you along  
Keep your head up don't say you love him  
Walk away from all this is hurting  
Find your power, you know you're strong  
Make that step and it will help you along
