

Chaka Khan, Teach Me Tonight

Did you say I've got a lot to learn?
Well, don't think I'm trying not to learn
Since this is the perfect spot to learn
Teach me tonight
Starting with the A B C of it
Getting turn to the X and Y Z of it
Help me solve the mystery of it
Teach me tonight
Sky is a blackboard high above you
If a shooting star goes by
I use that star to write, I love you
A thousand times across the sky
One thing isn't very clear my love?
Baby, should the teachers stand so near my love?
Graduations almost here my love
Baby, better teach me tonight, yeah

Oh, baby
Come on, come on, come on
Come on, come on, come on
Sky is a blackboard above us
And if a shooting star goes by
Use a star to write, I love you
A thousand times across the sky
One thing isn't very clear my love?
Should the teachers stand so near, near, near my love?
Teach me, teach me
Teach me, baby
Come on, teach me
Teach me, teach me baby, tonight
Teach me, tonight
