

Chaka Khan, What You Did

(Chaka Khan and Mark Stevens)

Any little spark will make a fire
Any little fib will make a liar
I'll tell you more if you enquire
About the things that I desire

'Cause when you open wide
The inevitable steps inside
Take it in stride
'Cause nobody can do
Like you did
What you did
Like you did

Been so long, I can't see straight
No, no fun to anticipate
Give it on up, don't make me wait
Wait too long, 'twill be too late

Listen real close, 'cause I can't lie
It's difficult to satisfy
These feelings I just can't deny
With time they'll just intensify
