

# Chaka Khan, Your Love Is All I Know

In my mind  
I only see your face  
And time will not erase  
What I feel for you, I feel for you

In my heart  
It was always you and me  
That's how I thought it would be  
Forever and ever

CHORUS:  
Where do I go  
What do I do  
After all that we've been through  
How do I turn around  
Just turn around and watch you go  
'Cause baby your love is all I know

The touch of your hand  
The warmth of your embrace  
I always had a place  
Here in your arms  
I felt so secure  
I didn't need anything more

CHORUS

Tell me how  
Can you walk away  
and find somebody new, somebody new  
somebody new  
When I can't see myself  
with anyone but you
