

Chaka Khan, Your Love Is All I Know

In my mind
I only see your face
And time will not erase
What I feel for you, I feel for you

In my heart
It was always you and me
That's how I thought it would be
Forever and ever

CHORUS:
Where do I go
What do I do
After all that we've been through
How do I turn around
Just turn around and watch you go
'Cause baby your love is all I know

The touch of your hand
The warmth of your embrace
I always had a place
Here in your arms
I felt so secure
I didn't need anything more

CHORUS

Tell me how
Can you walk away
and find somebody new, somebody new
somebody new
When I can't see myself
with anyone but you
