

# Chamber - L'Orchestre De Chambre Noir, Life Goes On

I can't go on like this, you said  
life has changed, it's just a dread  
once you were such a joyful mate  
now you seem a living dead

It's sad, I know,  
you're gone  
though I'm down  
my life goes on

Life goes on  
with or without you  
Love has got nothing to do with it

Your betrayal has knocked me down  
it took my breath, I feared to drown

It's sad, I know,  
you're gone  
though I'm down  
my life goes on

Life goes on  
with or without you  
Love has got nothing to do with it  
that life goes on  
with or without you

I thought I've reached the very end,  
took the count, no clue at hand

It's true, I know  
you're wrong  
still I'm down  
my life goes on

Life goes on  
with or without you  
Love has got nothing to do with it  
that life goes on  
Love has got nothing to do with it  
that life goes on  
with or without you  
life goes on  
with or without you
