

# Chamillionaire, Internet Nerd's Brother

[Intro:]

Hello?

(Hello)

What's up, Charlie?

(What's up, man?)

Nothing just watching American Idol, searching on the net

(Is there anything about Chamillionaire?)

Heard he lost twenty million dollars, how he lose that?

Heard he got dropped from Universal, how he lose that?

Heard that new single and that Creepin Solo super wack

Anyways, Ludacris just wrecked him on his own track

Ha, he's the rapper that my brother hates

He commit suicide so I'm a take my brother's place

Let me log on the net, I don't have no time to waste

I'm a log on to Chamillionaire dot com and rub it in his face

Chamillionaire sucks, Chamillionaire's square

He's drops alot of mixtapes, but I don't care

If he don't switch it up, then I know he's gonna fail

And if he does switch it up, then I just hope it don't sell

Hell, he's super boring, he has no swagger

He's part of a league of rappers that just don't matter

I don't know why DJ Skee or Drama even mess with him

Oh no! There he goes, saying he's the best again

Plus he had the nerve to call my bro an Internet Nerd

I'm a log on his email and hack his f-ing password

Sure, he's got internet fans

But I never heard nobody in the streets jammin' him

Mixtape Messiah, HA HA, better think again

His last one sucked I never made it up to number ten

I couldn't even pretend, that I would ever get him

I never go to his show and not goin get his album Venom

He sucks, what the heck are people even listening to?

His rhyme patterns are enough to, make me miserable

Make me want to enter in to a mental institute

In the real commercial where, he is like invisible!

On the net, there saying he got witty burrs

I'm a say he's wack close to under every Diddy blog

And plus I wonder [? ] is he really large

He's probably on vacation and I don't think he really tore

My sister tried to tell me that he got 50 cars

Hi Chamillionaire, none of those are really yours

He's really leasing them but I'm the one that really knows

I'm a put'chu on, Rolling Star and you goin be exposed

His personality stinks, can; t stand the scent of it

Where's his website, he didn't even finish it

If he thinks he sell as much as Wayne, then he's an idiot

I don't think he even made a song good as A Millie did!

Chat rooms or something that I'm normally glued to

But I don't wanna conversate with none of you fools!

Cause you think he's good and wrong, you lose!

Yesterday he wasn't even top 10 on YouTube!

YAHHH Trick, just admit it your all front in draws

Hamilton, Joe Alteeze, even Joe Buddens

All of them are better than him (Heckster) y'all don't know nothing (Heckster! Come down here now

Ah, my mom's calling me, coming!

[Hangs up phone]
