[Chamillionaire]

Koopa..

This is the day that they dreaded, they say Chamillion don't let it  
get you upset, I'm upset if you needin' peace, you can forget it  
Go tell them the villian is comin', they know I'm the realest that run it  
Color Change guerillas gon' run it, you gimmick niggaz better punt it  
Now it's too late, you don' done it, no stingy label can rape me  
Let's see how fast you apply since you thought I was gettin' lazy  
The hood don' told me you shady, but you don't know it yet baby  
They told me everything about you, even know the name of yo lady  
Ay didn't ya girl go to J.V., guess what I went there too baby  
If you thinkin' I can't expose yo ass worse then this then you crazy  
Yo own hood don't even like you, they like "Chamillionaire is gravy"  
Niggaz like Rock-A-Bye baby, cockin' .380's on the daily  
Yo best bet's on baby, ain't gotta call the hood baby  
My heater heavy I feel bout 50 pounds more then I weight see  
fam and the niggaz don't make me, since you don't make me, can't break me  
My crib \$250,000 I'm livin' in housin' and payment  
I got the Vegas in maitenance, thought you was makin' lil statements  
Showin' yo crib like you ballin' big, I was killin' em' with patience  
Them pussy niggaz can't face him, they wanna erase him like Jason  
But now they shakin' and pacing, like how the hell we gon' face him  
I can't believe that you doubted me, while you was talkin' down on me  
You ain't realize the people that you was around was all down with me  
But I won't say no names, no trace of snitchin' inside of me  
But I live by the G-Code, and you don't live by the boundaries  
-Get Him!
