Chant, I Cry To Myself

Chante Moore
This Moment Is Mine
I Cry To Myself
1-
This smile on my face, it shows everyday
So no one ever really knows how i really feel
Am i really happy?
There's things on my mind, cant talk about it
Sometimes who can i tell what i'm going through
When i'm feeling sorry

2-
I cry to myself, when no one else is listening
I cry to myself, cause no one else is crying for me

3-
 I'll tell you i'm fine but deep inside i'm dying
When i'm all alone no one sees when the lights go down
I cry every night, suffer in silence
No i cant deny, this pain is real but i keep trying

Repeat 2- with adlibs

4 with adlibs-
Does anyone care how i feel?
Every day i'm smiling to hide what is real
This pain i have inside of me
Is tearing my whole life apart

Repeat 2- with adlibs
