

Chantal Kreviazuk, Wendy House

A child is born
A life begins
To take and hurt oh
A precious gift

When I'm alone
It all hits home
Don't it all just seem a little much
When I'm alone
It all hits home
Don't it all just seem a little much

And the night gets further from the day
Take me to your Wendy House to play

[Repeat all]

When I'm alone it all hits home
Don't it all just seem a little much

[Repeat 4 times]

And the night gets further from the day
