

Chantal Kreviazuk, Wonderful

I'm alone in this life
And these old jeans are too tight
And now I can't pick my feet off the floor
I try to laugh but I cry
My dignity's undignified
I guess i'm really on my own

Love is like a little boy
No I'm not paranoid
But I'm onto you yeah yeah
Well I'm not seventeen
And I don't wanna be
So why am I hiding?

[Chorus:]

Is it too late to call you on the phone
Too late to tell you I'm alone
I wanna wake you from another lonely night
Is it too late to wonder where you are
Too late to hold you in my arms
Cause if you're looking for wonderful
I'm wonderful

I'm a very simple girl
And I don't fit into this world
The city lights leave me in a daze
And even though we've enver met
You know what I'm trying to forget
Some things you can never change

[Chorus]

I'm underneath
Underneath
I'm underneath
I'm underneath

[Chorus x2]
