

Chantelle, Things I Do

Keep pushing me down,
Keep saying we're bound

That you're wrapped around....cause all the things I do
Well it's over now...and it's much better how~
you're not staying aroundto see the things I do!

THINGS I DO x 4

Why do I apologize? Why do you make me despise?

All the things that i do... I'm pushing me away from you

You keep on coming back to me... Do I stay right here? Or should I breathe? You're saying that I'm

THESE THINGS I DO...

Your little games are so insane! You always put me down this way

Quit changin me to fit your needs! I'm my own identity

I know I'm not alone in this...I'll move on, you won't exist!

I won't ever let you see! THESE THINGS I DO~

Keep pushing me down! Keep saying we're bound!

That you're wrapped around ...cause all the things I do

Well it's over now... and it's much better how-

you're not staying aroundto see the things I do!

You say that I am tryin to fill

that empty spot with others still

that spot I never knew was there...it was a figment of your despair

Now it was clear, I thought you knew

that I'm over, thru and done with you!

Don't want you to be here to see

THESE THINGS I DO

You think you have me on a string

you're wishin that in all your dreams

but the problem isn't that you see

you can't seem to get over me!

I know I'm not alone in this...I'll move on, you won't exist!

I WON'T EVER LET YOU SEE!

Keep pushing me down... keep saying we're bound-

That you're wrapped around ...cause all the things I do-

Well it's over now - and it's much better how-

you're not staying aroundto see the things I do x2

There is another

I know that things will be ok

He treats me sooo much better

I'm movin on from youuuu

Keep pushing me down ...keep saying we're bound-

That you're wrapped around ...cause all the things I do-

Well it's over now.. and it's much better how-

you're not staying around...to see the things I do! x3
