

# Chaostar, Finale

[A hooded one:] &quot;We are passing now to phase VI. The sequence is complete.&quot;

Cendor looked at the screen making a strange grimace as he pushed the button.

[Cendor:] &quot;Farewell my friends. Your path is cleared now&quot;.

[Mayon O:] &quot;At last we can move&quot;!

[Gaia:] &quot;This planet seems so wild and primitive. I suspect life has already manifested here, but I wonder how we are going to appear in the optic sensors of a creature from this place&quot;?

[Cendor thought:] &quot;Soon Mayon O and Gaia will realize that we won't bring them back, at least as soon as they were expecting to.

Maybe they will think that we had a problem on the laboratory.

Anyway, they won't remain alone. Soon millions will follow, to keep company to the frozen stars while a new Ahrem will be rebuilt from its ashes&quot;...
