

# Chapman Tracy, Goodbye

Chapman Tracy  
Let It Rain  
Goodbye  
For you  
Its all in a day  
One day in a life  
Its all in the one word  
The one word is goodbye

For me  
Its all in what you say  
Though youve tried to be kind  
Its all in the words  
From the lips that once touched mine with a sigh  
Goodbye

For you  
Its all in your face  
The laugh and worry lines  
Its all in the one word  
You hope will make you young again  
Goodbye

Its all in the play  
Someone speaks the line  
Its all in the one word  
That stops and steals the time  
Goodbye  
Goodbye  
Goodbye

For me  
Its all in a day  
Its the part in life  
When its all in the words  
To fate and circumstance resigned  
Goodbye
