I'm Ready

I want to wake up and know where I'm going

Say I'm ready

Say I'm ready

I want to go where the rivers are overflowing and

I'll be ready

I'll be ready

I'm ready to let the rivers wash over me

I'm ready to let the rivers wash over me

If the waters can redeem me

I'm ready

I'm ready

I'm ready to let the rivers wash over me

I'm ready to let the rivers wash over me

I want to wake up

I want to know where I'm going

I want to go where the rivers are over-flowing

I'm ready to let the rivers wash over me

I'm ready

I'm ready ...
