

# Charley Pride, Little Folks

We've decided we can't work it out we might as well call it a day  
We agree to disagree and go our separate ways  
We just don't seem to get along we're fightin' and we fuss  
So we've agreed to part as friends is best for both of us.  
But what's gonna happen to the little folks the little folks the little folks  
What's gonna happen to the little folks who live in our house

Since we've decided we can't work it out we might as well end this time  
We fought enough and fussed enough and said too much this time  
So we've agreed that the thing to do has set each other free  
You'll go your way and I'll go mine that's best for you and me  
But what's gonna happen to the little folks...

But maybe someday we'll look back and see how foolish we've been  
Cause we might find just the little ones who'd lose in the end  
But maybe things are not so bad, we're still in love you and I  
And maybe we can work it out if we give it one more try  
We owe that much to the little folks, the little folks the little folks  
We owe that much to the little folks who live in our house
