

Charley Pride, Mary Go Round

Oh love's a merry go round so Mary go round with me
Won't you takin' a ride deep down inside you know you'll never be free
And it was love we found on the merry go round so now for all the world to see
Whether wrong or right we're back in love tonight so Mary go round with me

It seems like yesterday that you and I fell in love
And a thousand dreams ago we said goodbye
But seeing you tonight it's as though time has stood still
And all the love we knew before shines in your eyes
Cause love's a merry go round...
Whether wrong or right we're back in love tonight so Mary go round with me
