

# Charley Pride, Now And Then

Now and then if I could just see you just enough to get me through  
Get me through the times when I need love take me in now and then  
Now and then hold me in the night just enough to get me by  
Get me by when I feel so alone take me in now and then  
Now and then I need the kind of love and the kind of love you give is all I'll ever need  
All I need is showing me you care and knowing you'll be there to believe in me

Now and then if I could count on you just enough to see me through  
See me through the times when I need love take me in now and then  
Now and then I need the kind of love...  
Now and then now and then
