

Charley Pride, You Never Did Give Up On Me

Through the years with you I have often fallen
I've been every kind of fool a man can be
For I never had control of a devil in my soul but somehow you never did give up on me
When I couldn't keep a word I struck at you in my hunger for things I didn't need
When I could need a break or bend you were there to be my friend
And somehow you never did give up on me
And I'm proud to know God gave me such a woman
Who had eyes to see the good somewhere in me
Without you my life would only be a ruin but somehow you never did give up on me
[steel - guitar]
And I'm proud to know...
