

# Charli XCX, 3AM (Pull Up) (feat. MØ)

Your love  
I know  
I'll always remember you  
And I know /3x  
I'll always care  
Even though /3x  
It hurts what you put me through  
Holding on /4x  
You're the one  
Who gets my head  
So fucked up  
You're the one  
Who make me scream  
Even though /3x  
It hurts what you put me through  
Holding on /4x

It's 3a.m.  
And you are calling  
You say you're sorry  
But you're lonely  
You know the words  
That got me falling  
I got to  
pull up /5x  
Right to your love

1000 times the same old story  
I hate myself  
I can't control it  
You know the words  
That got me falling  
I got to  
pull up /5x  
Right to your love  
Your love /4x

Let it go /4x  
My friends keep telling me  
I just don't care  
Even though /3x  
It know that you're using me  
Holding on /4x  
Feeling good  
It's better than ecstasy  
Feeling good /4x  
You take me there  
Even though /3x  
I know this is bad for me  
Holding on /4x

It's 3a.m.  
And you are calling  
You say you're sorry  
But you're lonely  
You know the words  
That got me falling  
I got to  
pull up /5x  
Right to your love

1000 times the same old story  
I hate myself  
I can't control it

You know the words  
That got me falling  
I got to  
pull up /5x  
Right to your love  
Your love /4x
