## Charli XCX, Focus

I just wanna you to focus on my love just focus on my I just wanna you to focus on my love just focus on my

I just wanna you to focus pull me in, pull me closer give me the diagnosis blow my mind like explosions just one touch leaves me helpless on repeat like it's endless

bedsheets turn a white dress look so good, damn you did this

I just wanna you to focus on my love just focus on my I just wanna you to focus on my love just focus on my I just wanna you to focus on my love just focus on my I just wanna you to focus on my love just focus on my I just wanna you to focus on my love just focus on my I just wanna you to focus on my love just focus on my I just wanna you to focus on my love just focus on my I just wanna you to focus on my love just focus on my

want 100% of your attention want 100% so I'm in heaven want 100% of your attention keep watching my eyes want you to realize

I just wanna you to focus better keep your composure like you tryna earn that diploma do it over and over make it pop, coca-cola keep it hot, Barcelona

bedsheets turn a white dress look so good, damn you did this

I just wanna you to focus on my love just focus on my I just wanna you to focus on my love just focus on my I just wanna you to focus on my love just focus on my I just wanna you to focus on my love just focus on my I just wanna you to focus on my love just focus on my I just wanna you to focus on my love just focus on my I just wanna you to focus on my love just focus on my I just wanna you to focus on my love just focus on my
