

Charlie Daniels Band, Drinkin' My Baby Goodbye

CHORUS:

Sittin' on a barstool actin' like a darn fool
That's what I'm a-doin' today
Sittin' here drinkin', tryin' to keep from thinkin'
I'm a-boozin' my troubles away
Well now I couldn't make her stay, doggone her anyway
She can't say that I didn't try
Pour me another one, I'm finished with the other one
I'm drinkin' my baby goodbye

SPOKEN:

Everytime we disagreed
She was always askin' me
Are you a man or a mouse
Now that she's gone
She probably thinks I'm home
Just a-mopin' around the house
She probably thinks that she's the one thing
I just couldn't get along without
Well wouldn't it surprise her, I got a sympathizer
As long as these bottles hold out

CHORUS

Every time I try to sit down and talk to her
It always ends up in a fuss
I tried to reason with her right up to the time
So got on that Greyhound bus
It would be better if I could forget her
'Cause she sure forgot about me
And if it takes all night, I'm gonna do it right
I'm gonna sit here till I can't see

CHORUS
