

Charlie Daniels Band, Wichita Jail

I woke up on a cement floor this mornin,
My head felt like somebody been walkin on it,
Don't know how I got here,
Don't remember nothin at all,
but if I done all the things that they say I did,
well I sure musta had a ball

Cause in 30 more days
I'm goin back home,
to see that gal of mine,
but the Wichita Jail
is a long long way
from the Tupelo County line,
I gotta do my time

Well I aint got a cent of the money I had
I spent it
Shirts tore, my shoes got a big hole in it,
Theres a king size knot on the side of my head
and I got one big black eye
But brother if you think I look bad,
you oughtta see that other guy

Cause in 30 more days
I'm goin back home,
to see that gal of mine,
but the Wichita Jail
is a long long way
from the Tupelo County line,
I gotta do my time

Well this nine pound hammer feels like it weighs a ton
makin lil ones outta big ones in this red hot Kansas sun
I just hope I can make it 30 more days
and get out of this mess I'm in,
and if I ever get back to Mississippi
I aint ever gonna leave again

Cause in 30 more days
I'm goin back home,
to see that gal of mine,
but the Wichita Jail
is a long long way
from the Tupelo County line,
I gotta do my time
I gotta do my time
I gotta do my time
I gotta do my time
