

# Charlie Landsborough, Why Worry

Oh Baby

I know this world has made you sad

Some people can't be bad

The things they do the things they say

But Baby

I'll brush away those bitter tears

I'll drive away those restless fears

That turned your Blue skies into gray

Why Worry there's always sunshine after rain

There's always Laughter after pain

Theses thing will always be the same

So why worry now

Oh Baby when I feel old I turn to you

And you make sense of all that I do

I know it isn't hard to say

But Baby

When this old world turns me cold

Your love can shine red and gold

All the rest is by the way

Why Worry there's always sunshine after rain

There's always Laughter after pain

Theses thing will always be the same

So why worry now

MUSIC

But Why Worry there's always sunshine after rain

There's always laughter after pain

Theses thing will always be the same

So why worry now

So why worry now
