

Charlie Landsborough, Why Worry

Oh Baby

I know this world has made you sad
Some people can't be bad
The things they do the things they say
But Baby

I'll brush away those bitter tears
I'll drive away those restless fears
That turned your Blue skies into gray
Why Worry there's always sunshine after rain
There's always Laughter after pain
Theses thing will always be the same
So why worry now

Oh Baby when I feel old I turn to you
And you make sense of all that I do
I know it isn't hard to say

But Baby

When this old world turns me cold
Your love can shine red and gold
All the rest is by the way
Why Worry there's always sunshine after rain
There's always Laughter after pain
Theses thing will always be the same
So why worry now

MUSIC

But Why Worry there's always sunshine after rain
There's always laughter after pain
Theses thing will always be the same
So why worry now
So why worry now
