

Charlie Louvin, Is Home Sweet Home

In the yard there are two trucks and a sandbox
Honey suckle holds on tightly to the mailbox
Criss cross curtains at the windows speak of cheer
And people think happy people live here

At the door there's a welcome welcome mat
A dog would found a home here and the neighbor's cat
Laundry on the close line if the sun has shone
To complete the picture of home sweet home

It may look like home sweet home but it's just a dwelling
There's an inside story here the outside isn't telling
And every time I pass a house that looks much like our own
Lord I can't help but wonder is home sweet home

[guitar - steel]

Look inside you will see wallpaper on the wall
A plaque that says home sweet home is hanging in the hall
Flowered paper and the plaque that we both hung with care
By now should be removed for it's wrong to hanging there

It may look like home sweet home...
