

# Charlie Louvin, Ruby's Song

Way out in the country where I used to live Lordy Lordy what I wouldn't give  
To turn back the time and be a boy again and see the sun come up every morning  
A quarter of a mile to the grocery store schoolbus came within a mile off my door  
And here in distance of a cotton gin a thirty minute walk to Ruby  
Oh I'd walk it in the moonlight oh I'd walk it on the dark night  
Rain or shine this heart of mine craved Ruby's company  
Oh she could kiss me just right oh but I was a little too shy  
For I got the nerve to make my move Ruby got away from me  
[ guitar ]  
Oh I'd walk it in the moonlight...
