

Charlie Louvin, You Finally Said Something Good

You finally said something good when you said goodbye
So don't wait around to see if I'm a gonna cry
Instead of tears streaming down my face you'll find a great big smile in their place
You finally said something good when you said goodbye

I don't wanna rush things honey but I'll help you pack
I've been waitin' on you to make a move like that
Don't waste anytime on words my dear you already said what I wanna hear
Yeah you finally said something good when you said goodbye
[guitar]
Better make your move faster honey I'll call a cab
Now don't worry about the money I'll pay the tab
Now you've been talking for nearly a year and at last you said what I wanted to hear
Yeah you finally said something good when you said goodbye
Oh you finally said something good...
Oh you finally said something good when you said goodbye
