

# Charlie Rich, Everytime You Touch Me (I Get High)

Every time you touch me, I get high  
And every time you're near me, I can fly  
High above the clouds and rain  
Way above the hurt and pain  
And when you're gone  
I fall down from the sky  
But, every time you touch me, I get high  
I've been touched by the angels  
And I've been kissed by the very best  
And I've been loved hard by quite a few  
But after you, I forget the rest!

Because, every time you touch me, I get high  
(High)  
And every time you're near me, I can fly  
(Fly)  
When your fingers touch my skin  
That's when I start to live again
