

# Charlie Rich, We Love Each Other

They ask me how we do it and I tell them we love each other  
There's really nothing to it, it's easy we love each other so  
And we always will, I know, we found it long ago  
And now we're sure that it's the kind to last forever  
They ask me, can we make it? And I tell them, we love each other  
If there's trouble, can we take it, I tell them, we love each other more  
Than we ever have before and they should know  
Then they ask me, how we do it, I just tell them, we love each other so

We love each other  
We love each other more than we ever have before  
And they should know when they ask me, how we do it  
I just tell them, we love each other so  
We love each other so
