

# Charlotte Church, Crazy Chick

I think Im going to nee some therapy  
Oh babe I hope you got a PHD  
Wont you let me on your leather couch  
I got a lot of me to talk about

I think Im crazy think Im stupid  
Must have lost my mind  
Wonder what Im thinking loving you  
Cos boy if you were mine  
Id really go insane, youd be my favorite thing  
Id go ballistic yeh youre making me a crazy chick

You driving me to insanity  
All the things you do you make me come unglued  
I just cant help myself I need professional help  
Help

You really done it this time  
You know you twisting my mind  
You got me acting like a wacked out chick  
So I wont be responsible cos Im really not logical  
No I wont be to blame you know Im really not sane

Cant get you out of my head  
So let me just confess  
For those kisses baby for your love  
You drive me crazy I cant get enough
