

Charlotte Church, Would I Know

Waited for the right one to find me;
Wondered when the right one would come.
Would I - would I see in that instant I see him?
And my - and my hearts found that one?

Chorus:

Would I know,
If he was right here beside?
Would I see,
If he was in front of me?
Would I feel,
Something inside that would let me know
That its right, that its real?
Would I see?
Would I know.

Waited for the right eyes to see me;
Was reaching for the right arms to hold.
Would I - would I know I was just getting further?
Would I know when Im getting close?

Chorus:

Would I know,
If he was standing beside?
Would I see,
That he was the one for me?
Would I feel,
Something inside that would let me know
That its right, that its real?
Would I see?
Could I trust what I feel?
Would I know?

Bridge:

Would I see is the one that I search for?
Would I feel from that feeling inside?
Would I know from inside of my soul?
Would I know... know.

Something inside me that lets me know
That its right, that its real.
I can see; now I know.
Ooooooooooooooooooooo.

Something inside me that lets me know
That its right, that its real.
I can see; I can trust what I feel.
Now I know.
Waited for the right one to find me...
