

# Charlotte Sometimes, Build The Moon

Give me a moment  
Give me a clue  
Tell me anything as long as it's true.  
Give me heartache  
That's what you do  
Tell me you want me  
I'm sick of being used.

I send my heart to you  
But you never care  
You never do.

So build me up bridges  
Build me the moon  
Tell me you love me  
Tell me you'll love me soon  
Yeah, oh

You didn't know that I cried  
In my room every night.  
Maybe it's not 'cause of you  
But it'd be easier if you needed me too.

I send my heart to you  
But you never care  
You never do

So build me up bridges,  
Build me the moon  
Tell me you love me  
Tell me you'll love me soon  
Yeah, oh

So build me up bridges  
Build me the moon  
Tell me you love me  
Tell me you'll love me soon  
Yeah, oh

I cannot stop  
I cannot smile  
I know you weren't meant to be  
But I want you here with me.

So build me up bridges  
Build me the moon  
Tell me you love me

So build me up bridges  
Build me the moon  
Tell me you love me

So build me up bridges  
Build me the moon  
Tell me you love me  
Tell me you'll love me soon  
Yeah, oh
