

Charlus, I Am Secretly In Love With You

I went out walking, I was talking to myself
When I saw you crossing Washington Square
I followed you all the way through Chelsea and my heart beat
When we nearly brushed hands
All I wanted to say to you,
I am secretly in love with you
Honey, I'll give you all my money (honest I swear)
I think, your just not being very fair
Maybe, we could have a baby I know I'm talking crazy,
I just threw it out in the air
What I would like to do to you
Hold you in my arms and.

You'll never know how it feels in my heart,
No one can save me from myself
Oh,
All I wanted to say to you,
I am secretly in love with you-
All I wanted to say to you,
I am secretly,
Secretly.
