

Chasen, All I Can Say

If it's all about me
I don't want to be here
And if it seems to be
Lord make it pure
Cause we're in this together
The time is now or never
Oh, we've got to say
We've got to say
I don't want to do anything
But worship you
And I don't want to say anything
But Your name
You're beautiful to me, Jesus
Jesus, You're beautiful to me
You say that what we do
Is the way we lead
But I feel that we
Get in the way
We got to move together
The time is now or never
Oh, we've got to say
We've got to say
Repeat Chorus
Jesus, Jesus so captivating
Jesus, Jesus invigorating
You take my breath away, away
