

# Cheap Sex, Secret Agenda

Power in the hands, the hands of the few  
Their laws don't represent me, and they don't  
represent you  
A couple of rich men with a hidden plan  
Who are brought into power by a religious scam.

(Chorus:)  
Sneaking behind closed doors  
It's a secret agenda

Fighting for freedom in a foreign land  
While in the USA freedom is taken out of our hands  
The leaders waste our lives, and force feed us a lie  
While raking in dollars while our soldiers die.

9/11 has become an excuse  
for big brother to come down on you  
It's patriotic not to speak your own mind  
While a secret agenda is destroying humankind.
