

Cheap Trick, Back 'N Blue

Every night
Caught up on the same old dream
I hear your broken heart
Crumbling down and haunting me
And everyday
Try to tell myself it ain't so hard
But then I hear your name
And it feels like a grip around my heart
'Till I change the way you feel
'Till I change the world
So help me girl
I'll show you wounds can heal

Chorus

* Tell 'ya what I'm gonna do
I'll be comin' back for you
I'll move the mountains
Part the sea
Anything for you
I'll be back 'n blue
Back 'n blue
Forget that girl
She could never take your place
It's hard enough
When you look at me that way
I know I was caught red-handed
I wouldn't blame you if you twist the knife
I swear I've come to my senses
Tell me what to do
Anyday I'll make it right
I've got to change the way you feel
If I have to I'll change the world
So help me girl
I'll beg borrow and steal
If that's what it takes

* Repeat

Back 'n blue
Back 'n blue
Back 'n blue
Back 'n blue
At 't-till make you believe me
I'm prepared to make any sacrifice
The shadow of our love keeps gettin' bigger
Without your love I'll sure die

Chorus

Tell you what I'm gonna do
I keep comin' back for you
I'll move the mountains
Part the sea
Anything for you
I'll be back 'n blue back 'n blue
Back 'n blue
So help me girl
Beg borrow and steal
If that's what it takes
I'll be back 'n blue back 'n blue
I'm prepared to make any sacrifice
Back 'n blue
Back 'n blue
So help me girl
