

Cheap Trick, Flame

Well the streets are all crowded
Lots of people around
And there's music playing
But I can't hear a sound
Just the sound of the rain
Falling silently down
Livin' ain't been livin'
Since you put down
Yeah, life goes on around me every day
But it might as well be half a million miles away
It's like a ghost town without your love
Like a ghost town without your love
Like a ghost town, baby, can't you see?
It's a ghost town until you come back to me
oo, oo, till you come back to me
Well I wish I still had you
Had you here next to me
Baby, where did you go?
Baby, why did you leave?
Though the world, it keeps turnin'
But it don't turn for me
Without you in my life
My life ain't no place to be
There's only lonely days and empty nights
Ain't the same without you, baby, nothin' feelin' right
Darlin', I wanna leave this town
Don't wanna be around
I'm gonna leave this town
