

Cheap Trick, Love Me For A Minute

Some girls are so fine, sister sister
Don't wanna change your mind but
Some girls run home so optimistic
About the love in their lives
See the girls on parade
In high-fashion magazines
And like some x-rated movie
Oh, that fashion on the screen
Enough for everyone to see
I know that she's not ever going back again
Well some girls you meet and
Then you kissed her and she taste so sweet
This girl, you find out, looks like her sister
Yeah she's been coming around
I see her backfield's in motion
She puts me under her spell
She's got some weird magic potion
Some concrete cloud over you
And I know it's burnin' hell
I know that she's not ever going back again
You see one, she's coming with her new-found friend
Oh love me for a minute, stay with me tonight
Take me in your arms and hold me
I'll show you what it's like on the other side of love
Take me in your arms and hold me
Yeah, yeah, yeah, yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah, yeah, yeah
And she's not ever going back again
You see one, she's coming with her new-found friend
Oh love me for a minute, stay with me tonight
Take me in your arms and hold me
I'll show you what it's like on the other side of love
Take me in your arms and hold me
Oh love me for a minute, stay with me tonight
Take me in your arms and hold me
I'll show you what it's like on the other side of love
Take me in your arms and hold me
Oh bye, bye, bye, bye baby bye bye
I wanna be your lover, baby
Bye, bye, bye, bye baby bye bye
I love you like I own you, baby
