

# Cheap Trick, Oh Caroline

Words and Music by Rick Nielsen

Oh Caroline

My life shined when you walked in

Oh Caroline

My world shined when you came in

And if I go all over the world

I wouldn't find another lover like you

And if I knew a million girls, Caroline

Go to the end of the world for your love

Go to the end of the world for your love

Oh Caroline

My heart shined when you came in

Oh Caroline

Life means more since you came in

And if I go all over the world

I wouldn't find another lover like you

And if I knew a million girls, Caroline

(Go to the end of the world) for your love

(Go to the end of the world) for your love

(Go to the end of the world) for your love, love, love oh Caroline

(Go to the end of the world) for your love

Can you feel my heart strings?

They're on fire

You threw it all away

(Go to the end of the world) oh Caroline, oh Caroline

(Go to the end of the world) love, love, love, love oh Caroline

(Go to the end of the world) love

(Go to the end of the world) for your love, love.
