

Cheap Trick, Walk Away

You think that it's funny
You think I'm a fool
It's nothin' I needed
Just somethin' to do
Out of touch out of time
It's not easy to find, well
These two hearts are
Broken before they start, so
Chorus

* Walk away walk away
I don't mind I don't mind
Don't act like you're worried
I'm feelin' no pain
You got what you needed
You fun little game
Stoned and confused

I know
It ain't easy
To hold on
We've been hidin'
Pretendin' cheatin' and lyin'

* Repeat x2
Don't know what to thank
Who to blame
We were lovers just the same, well
Startin' Stoppin'
Over and over and over
* Repeat x3
Walk away walk away
