

CHEECH And CHONG, Low Rider

All my friends know the low rider
The low rider is a little higher
Low rider drives a little slower
Low rider, is a real goer
Hey
Low rider knows every street, yeah
Low rider, is the one to meet, yeah

Low rider don't use no gas now
Low rider don't drive too fast
Take a little trip, take a little trip
Take a little trip and see
Take a little trip, take a little trip
Take a little trip with me
