Back in the day, back in elementary  
People like me were treated so differently  
Now you know they were wrong  
They were jealous of me all along  
Now take a breath  
Just sit back, let it go  
(Just chill out with the flow)  
Because now I am running the show  
I'm funky, I'm fly  
I'm fabulous and here's why  
I'm rowdy, I'm real  
Lemme tell you how I feel  
Don't worry that your inferior

It's just that I'm superior  
Don't sweat it, don't cry  
Don't fret it, here's why  
(Fabulous)
